WELCOME LETTERS

Dear Competitors, Guests, and Sailing Enthusiasts,

It is with great pleasure and immense pride that I welcome you all to the 6-Meter European Championship 2026, hosted by the prestigious Société Nautique de Genève from July 15 to 24. This event promises to be an unforgettable gathering of passionate sailors, exquisite boats, and exhilarating competition, all set against the breathtaking backdrop of Lake Geneva.

The majestic Lake Geneva, renowned for its pristine waters and stunning alpine surroundings, provides an idyllic setting for this championship. With its steady breezes and optimal sailing conditions during the summer months, our lake has long been a favourite destination for sailors from around the world. We are confident that these elements will contribute to thrilling races and memorable moments both on and off the water.

This year, we are honoured to welcome about 50 magnificent classic and modern 6-Meter boats, each a testament to the craftsmanship, tradition, and spirit of this distinguished class. The regatta will not only showcase the remarkable skill and sportsmanship of our competitors but also celebrate the camaraderie and shared passion that unite the sailing community.

Beyond the competition, we encourage you to explore and enjoy the Geneva region's many delights. From its charming lakeside promenades and world-class dining to its rich cultural heritage and vibrant social scene, there is much to experience

and savour. Whether you are a seasoned competitor or a first-time visitor, we hope you will find inspiration in our city's hospitality and natural beauty.

On behalf of the Local Organizing Committee, I extend my heartfelt gratitude to our partners, sponsors, and volunteers who have worked tirelessly to make this event a reality. Most importantly, I thank you, the sailors and teams, for bringing your dedication, expertise, and fair play to this championship. We are excited to witness the spirited competition that lies ahead and to celebrate the enduring legacy of the 6-Meter class.

Wishing you fair winds and an exceptional regatta!

Warm regards,

Christophe Amberger
Chairman, Local Organizing Committee
6-Meter European Championship 2026
Société Nautique de Genève

Dear members of the 6mJI family,
Dear competitors,

It is with immense pride that the Société Nautique de Genève will welcome you to the 6-Metre European Championship in 2026. This prestigious event is for us much more than just a competition: it is a living testimony of a cherished tradition, where the elegance of design meets sporting excellence and the true spirit of yachting.

Since its inception, the 6mJI class has held a special place in the history of our club. Many of our members have contributed, and continue to contribute, to its influence. These magnificent yachts have always found Lake Geneva to be a playground worthy of their prestige. This class embodies and perpetuates the essence of yachting, a subtle blend of fierce competition, mutual respect, and a passion for craftsmanship!

This same passion drives our partners, the organizing committee, and the volunteers who work tirelessly to ensure the success of this championship. I take this opportunity to sincerely thank them.

All our efforts are focused on organizing the regatta, logistics, and hospitality, which will circle shape the entire championship week. I am convinced that, just as the 6mJI class has done for decades, we will find the perfect formula to make this championship unforgettable. The most important element of this recipe is, of course, your participation. I hope to see many of you coming from all corners of Europe to share this event with us.

Looking forward to welcoming you to the Société Nautique de Genève, I send you my best sailing regards.

Vincent Boaron
Président du Cercle de la Voile
de la Société Nautique de Genève

Dear Members of the SNG,

On behalf of the International Six Metre Association (ISMA), I would like to express my deepest gratitude to the Société Nautique de Genève (SNG) for hosting the European Championship of the International Six Metre Class in July 2026.

The SNG is an iconic institution in the sailing world, renowned for its excellence in organizing prestigious events. Its commitment to our class, its expertise, and the number of Six Metre yachts already present on the lake guarantee an exceptional championship, where tradition, modernity, and competition blend seamlessly.

The waters of Lake Geneva offer a unique setting, both technical and breathtaking, for this high-level regatta. We are confident that the 2026 edition will be memorable for the fifty crews expected, combining athleticism, camaraderie, and passion for these legendary boats.

I warmly thank the leaders, members, and volunteers of the Société Nautique de Genève for their dedication to the success of this event. Thanks to them, we will celebrate not only sailing excellence, but also the values that inspire our community.

We look forward to seeing you in Geneva for a championship that promises to be magnificent!

Louis Heckly
ISMA President

HOW TO GET TO THE CLUB

GENÈVE-PLAGE PUBLIC CAR PARK

The P+R Genève-Plage allows you to park your car, motorbike or bicycle, for short or long periods. It provides electric charging stations, as well as spaces for people with reduced mobility.

BUS LINES 2, 6, E & G

“Genève-Plage” stop

✦ [Geneva public transport website](#)

LES MOUETTES GENEVOISES M3 & M4 (YELLOW LAKE SHUTTLE LINES)

From “Paquis” M3

From “De Chateaubriand” M4

To “Port-Noir/Genève-Plage” stop

✦ [Mouettes Genevoises website](#)

OUTDOOR PARKING SPACE

Along the Quai Gustave-Ador
(blue disc 3h)

Along the Quai de Cologny
(blue disc 4h)

Please note that parking in front of the Club is prohibited. The space is only accessible for launching and for loading and unloading equipment for boats.

YOU CAN ACCESS THE
SOCIÉTÉ NAUTIQUE DE
GENÈVE BY CAR AND PUBLIC
TRANSPORT (BUS AND
SHUTTLE BOAT)

THE SOCIÉTÉ NAUTIQUE
DE GENÈVE IS IDEALLY
LOCATED ON THE SHORES
OF LAKE GENEVA,
IN THE HEART OF AN
INTERNATIONAL CITY.

ACCESS

BY TRAIN

Geneva has 3 train stations:

Aéroport, Cornavin and Eaux Vives.

✦ [Information on the CFF website](#)

BY PLANE

More than 50 European and international airlines - approximately 142 direct flights per day.

BY CAR

The N1 motorway, which runs alongside Lake Geneva, bypasses and reaches the entrance of the city. At the French border in Bardonnex, it connects to the A40 heading towards Lyon and Paris or towards Chamonix and Italy.

Geneva, renowned for its diplomatic institutions and exceptional natural setting, offers this nautical club privileged access to calm waters, surrounded by mountains, ideal for sailing and water sports.

GENEVA TRANSPORT CARD

When staying in accommodation in Geneva, you receive a free digital “Geneva Transport Card.” With it, Geneva’s public transport is free for the entire duration of your stay.

How to get the Geneva Transport Card ?

Contact the accommodation where you will be staying. The establishment must be registered with Geneva Tourism & Conventions. If it isn’t, ask them to contact us directly. Three days before your arrival date, you will receive an email from the accommodation with an online form to complete in order to get your Geneva Transport Card. Be sure to check your spam folder to ensure you haven’t missed the form.

02 RESTAURANT

The Club restaurant is reserved for members (11 on the club plan).

Competitors, skippers, team members and their guests, upon presentation of their guest card (distributed upon confirmation of registration), can access the restaurant, reservation is recommended:

+41 22.736.39.20 & restaurant@nautique.ch

Access to the Club outside the reception's opening hours is managed via a magnetic card. One card is provided per crew. This card can be collected from the event manager (refer to the notice of race) upon confirmation of registration. The card is active only for the duration of the event, so please remember to return it at the end of the regatta.

ISMA, SNG & 6MJI CLASS

SIXES IN SWITZERLAND: HIGHLIGHTS FROM THE ARCHIVE, CHARLIE ALEXANDER

The Archive for the International Six Metre Class was launched in 2019, to bring together disparate Six Metre archival records and make them freely available online at www.6metrearchive.org.

To reflect the international nature of the Class, the Archive actively seeks out archival material that might otherwise be hidden in libraries, yacht clubs, and private collections around the world.

In this spirit, in recent years the Archive has been collecting a range of relevant Swiss documents, after recognising the particularly rich history of Six Metre sailing in Switzerland.

And where better to begin than historic rating certificates for Sixes such as Borée (Z3), which was owned by Pierre Bigar from Geneva in the 1930s. Other certificates in the Collection, for boats such as Hope (Z10), were completed by Henri Copponex – the Swiss Olympic Six Metre sailor. Certificates like these provide valuable technical and historical insights and the Archive is grateful to Guy-Roland Perrin for providing access to his collection of certificates.

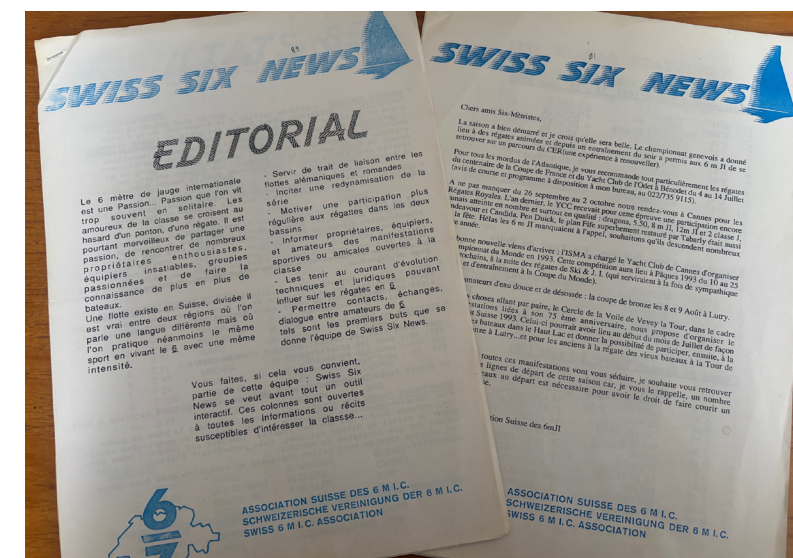

During a research trip to Geneva in 2024, the Archive team were also kindly given access to archival material at the Société Nautique de Genève, some of which once belonged to former ISMA President, Bernard Haissly. The club has played an important role in the development of Six Metre sailing in Switzerland and during their visit the Archive team collected photographs, race results and copies of Swiss Newsletters for the Collection, dating from the 1920s onwards.

Together, these documents offer a fascinating window into Swiss Six Metre activity over time – revealing which boats were active, which regattas were held, and how the Class has evolved. It is important to highlight that the Archive collect both historic and modern material, to ensure that Class activity today is preserved for the future.

There are also great archival records for individual Sixes, such as this striking photograph of Ylliam VIII, which competed for Switzerland at the 1952 Olympics, with Louis Noverraz at the helm.

From boats that were designed, built, owned and sailed in Switzerland, to records of races on Swiss waters, the Archive is just beginning to uncover the depth of Swiss involvement in Six Metre sailing and is looking forward to seeing where the records lead next.

If you have information relating to Six Metres in Switzerland (or elsewhere), please email archivist@6metrearchive.org. The Archive is funded by private donations, and it couldn't exist without this financial support. Donations are welcome, either as one-off payments or regular contributions. If you would like to support the Archive, please visit 6metrearchive.org/donate or contact Helena Paz at ismasecretary@6metre.com.
